

NEW TSC PLZ

Second TSC in South Africa dedicated to the JnJ business in Port Elizabeth (PLZ). This becomes necessary due to the large distance from the CMO to the TSC JNB and the big volumes forecasted by JnJ.

We are getting financial support from JnJ regarding the additional costs we are taking to support them locally..

Opening: End of June/Early July

Partner: DSV (the same JNB)

The TSC PLZ will be ready for va-Q-tainer / va-Q-pal M21G shipments only.

Please note that JNB will remain our primary TSC for South Africa.
